PROGETTO PIAZZA ITALIA

www.studioarchema.it

SVILUPPO PROGETTUALE

Lo sviluppo progettuale è pensato per arrivare nell'**anima** delle persone e presentarsi con un inchino.

La 'luce' dell'architettura è concepita per vivere la **piazza**.

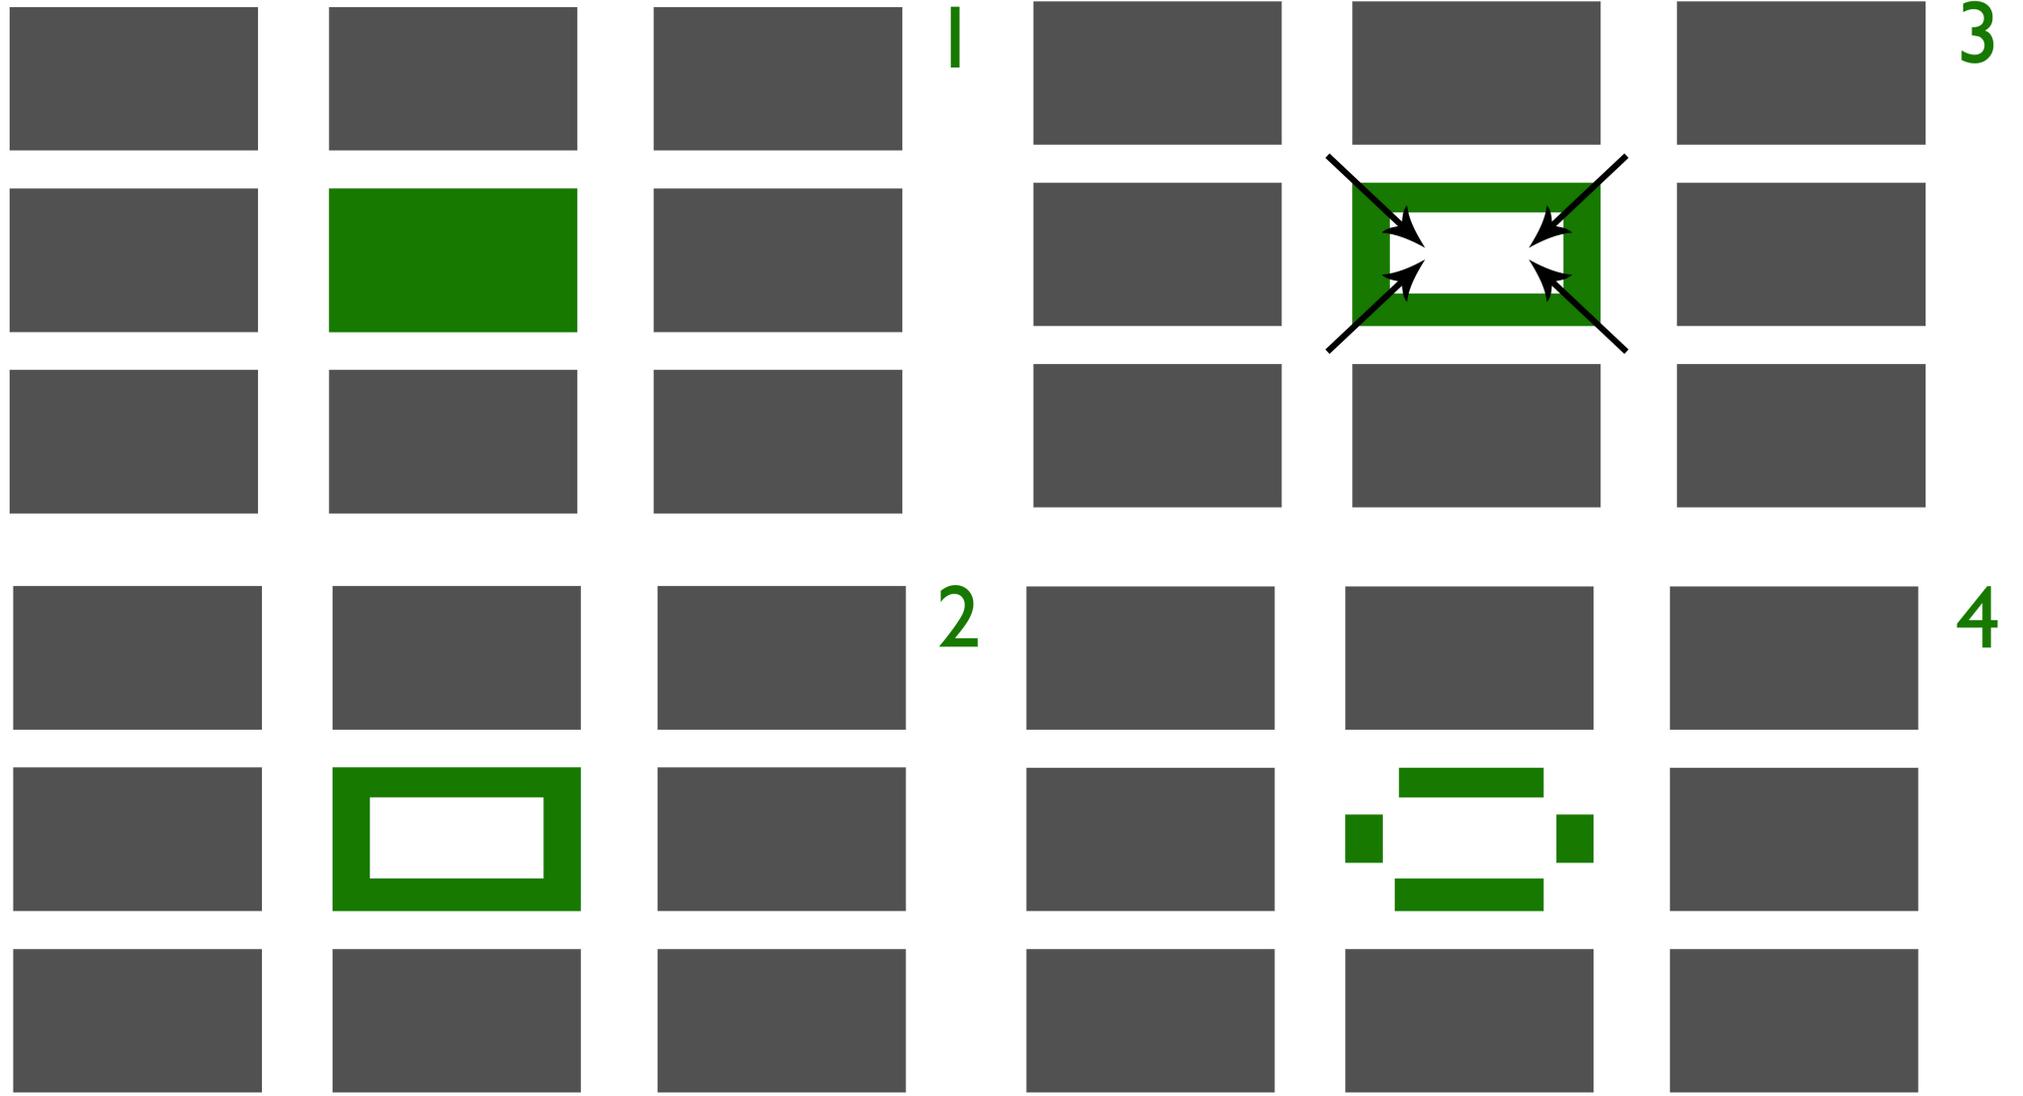

Gli spazi si sviluppano all'interno di un abbraccio di proposte commerciali, che possono soddisfare le **esigenze** di tutti i passanti.
